expertise with respect to the environmental effects involved, those who are known to have an interest in the action, and those who request an opportunity to comment. Also, copies shall be circulated for comment to Federal, State, and local agencies with jurisdiction by law and special expertise with respect to environmental effects involved. Part 1503 of the NEPA regulations shall be consulted for further details of this procedure.

(iii) Draft EIS's shall be available to the public in the Office of the Secretary at Commission headquarters.

(4) Upon completion of a final EIS, a notice of its availability in the Office of the Secretary, shall be published in the CPSC Public Calendar and if deemed appropriate, in the FEDERAL REGISTER. Copies of the final EIS shall be forwarded to EPA and one copy shall be sent to each entity or person who commented on the draft EIS.

(5) A list of EIS's under preparation and of EIS's or findings of no significant impact and environmental assessments completed shall be available to the public in the Office of the Secretary, at Commission headquarters. The list shall be continuously updated.

(6) In addition to publication in the CPSC Public Calendar and the FEDERAL REGISTER, notices called for by this section may also be publicized through press releases or local newspapers, whenever appropriate.

## **§ 1021.10 Emergencies.**

Where emergency circumstances make it necessary to take an action without observing all the provisions of these implementing procedures or the NEPA regulations, CPSC will consult with the Council on Environmental Quality about alternative arrangements.

## **§ 1021.11 Information regarding NEPA compliance.**

Interested persons may contact the Commission's Office of the Executive Director (301-504-0550) for information regarding CPSC NEPA compliance.

### **Subpart C—Contents of Environmental Review Documents**

#### **§ 1021.12 Environmental assessment.**

(a) An environmental assessment shall first briefly describe the proposed action and realistic alternative actions. Next, it shall identify all effects on the environment that can be expected to result from the proposed and alternative actions. After each anticipated effect is identified, it shall be described as fully as can be done with available data in order to show its magnitude and significance. Sources of information for assessment include CPSC staff studies and research reports, information gathered at hearings or meetings held to obtain the views of the public on the proposed action, and other information received from members of the public and from governmental entities.

(b) The assessment shall identify and describe any methods or approaches which would avoid or minimize adverse effects on the environment.

#### **§ 1021.13 Finding of no significant impact.**

(a) A finding of no significant impact shall cite and be attached to the environmental assessment upon which it is based. It shall refer to anticipated effects upon the environment identified in the environmental assessment and give the reason(s) why those effects will not be significant. The final paragraph of the finding shall give the reasons why the overall impact on the environment is not regarded as significant.

(b) The signature of the Executive Director shall appear at the end of the finding of no significant impact.

#### **§ 1021.14 Environmental impact statement.**

(a) Draft and final EIS's, unless there is a compelling reason to do otherwise, shall conform to the recommended format specified in § 1502.10 of the NEPA regulations and shall contain the material required by §§ 1502.11 through 1502.18 of those regulations.

(b) It may be necessary to include in an EIS a description of effects which are not effects on the natural or physical environment, but rather are, for
